PLACE ONLY THESE ITEMS INTO YOUR BLUE RECYCLING BIN

Metal Cans: Food and beverage cans only.

Plastic #1 & #2 Containers: Look for the #1 and #2 icons on the bottom of the containers.

Corrugated Cardboard: Break down and flatten large boxes to make room for more recyclables. Corrugated cardboard—the kind with wavy lines in the middle—is the only kind of cardboard the City can accept at this time. Please do not place fiberboard in your blue bin. Fiberboard is used for shoe boxes, cereal boxes, paper towel cores, and other packaging.

All items should be loose, dry, and clean. Please remove labels, lids, and caps.

REMEMBER THE THREE Rs

“Recycle” is only one of the Rs in the formula. The others are “reduce” and “reuse.” A quick Internet search will yield thousands of ideas for reducing and reusing stuff you might normally toss in the trash. Learn how to add shredded paper to your compost, find craft projects your kids will love, get off junk mail lists, and more.

GLASS RECYCLING

You can drop off your glass jars and bottles 24/7 at the Pedro Castro Maintenance Center, 401 Guilio Cesare Avenue. Find bins at the south end of the parking lot. Please remove all lids and labels.

GREASE RECYCLING

Collect your cooking oil and grease in a clean, dry container with a secure lid to avoid spills. Drop off your container at the City of Sierra Vista Compost Facility, 7201 E. Highway 90, Monday through Saturday, from 8:00 a.m. to 2:30 p.m.
